Laura McGreevy  
Personnel Profiles of Ky

I wanted to write you to let you know how valuable Personnel Profiles, and in particular your personal service has been to Sinkula Investments. I had not used assessment testing and didn't have a very good understanding of what it could bring to our selection process. However, you did a good job of explaining what it was and how it could benefit us.

Aside from the benefits that I received from using the assessment in the selection process, it also gave us a better understanding of our people and what they brought to the table. I attribute some of our success in growing our management team to your ongoing efforts as a 'selection consultant'. You are available any time, any day to answer questions regarding the results of an assessment and to guide in the decision making process.

Your thorough and timely approach to business makes it a joy to work with you. Once again, thank you for your excellent work and I look forward to the future.

Sincerely,
